

	<b>Focal Areas in LGLD</b>	<b>Items</b>	<b>ICT Support Areas</b>
1.	Planning Formulation	Problem identification Targets Decision on Activities Budgeting approval	Problem/Needs ranking Establishing/Measuring targets Level of involvement in prioritization Link between Planned targets and budget allocation
2.	Service Delivery	Physical access Reliability Adequacy Cost	Aggregate accessibility to service Reliability level for services Comparative Number per use of services Relative cost of service usage
3.	Implementation	Consultation Revenue mobilization	Involvement in implementation Revenue/Development expenditure in space
4.	Equitable Management	Managing problem Managing targets Managing revenue Managing dev. expend.	Aggregate access of information to management
5.	Report	Use MDG key targets Poverty – Income Education Gender Health mortality Maternal Child HIV/malaria Water Sanitation Forest	

**Table 2. Practical Response Areas for Local Governance and Local Development**

	Indicative Function	
S	Capacity for National Visioning Process	
S	Institutional Capacity Analysis	
P	National Development Strategy	
P	Local Governance Policy/statutes	
A	Monitoring & Evaluation	
	Sector Capacity Development Focus	
P	• Policy Formulation	
P	• Policy dialogue and influence	
S	• Policy Implementation	
All	• Policy oversight	
P	• Development of sector standards	
P/A	• Regulatory and supervisory capacity	
	Local Capacity Development Focus	
	• Local Governance Institutions & Process	
All	• Citizen engagement & Representation	
S/A	• Local development assessment	
P	• Prioritization	
P	• Local development planning & budgeting	
SD	• Implementation	
P	• Investment	
Acc	• Transparency & Accountability	
	Knowledge Management & Advocacy
